- Project implementation, installation and commissioning
- Training and complete follow-on support.

A wide-angle photograph of a large, well-lit industrial factory interior with high ceilings and various pieces of machinery.

Advanced European Technology

A close-up view of a long, white industrial machine, likely a CNC router or mill, with a control panel on the left side. The machine has 'ascm' branding on its side.

The intention is to pose the factory on advanced European technology that can help manufacture aesthetically-designed furniture of the highest quality standards. The factory will be replete with the latest in machinery manufacturing equipment such as high-speed lathe machines, diamond-tipped drills and drill machines, drum sanders, dust collectors, to name a few. In short, this state-of-the-art woodwork factory will ensure that Britan customers can get furniture of supreme quality.

A highly detailed wood carving of a peacock in a jungle setting. The peacock is the central focus, with its tail feathers fanned out, showing intricate patterns and eye-like designs. It is surrounded by lush vegetation, including large trees with thick trunks and vines, and various other birds perched on branches. The background features palm trees and dense foliage, all carved with fine detail. The overall scene is a vibrant and lifelike representation of a tropical forest.
